

Coniraya Alpaca Breeders invites kindergartens and primary schools to a meeting with animals

Offer addressed
to organized groups
in Polish or English.

Our animals

During your visit to our farm, you will meet representatives of the camelid family, including several dozen alpacas, llamas and camels. We also have horses and Icelandic ponies.

during the meeting...

- visiting the farm with an instructor
- talk about the animals
- feeding alpacas
- presentation of animal fleece and methods of its use and processing

Each visit can be expanded to include thematic scopes of the core curriculum in the following areas: nature, biology, geography, English, art, class/group educational work plan.

It is possible to organize physical/recreational activities. →

Example of thematic areas

Seasons and months – how animal life changes and work on the farm throughout the year.

Acclimated adaptations of animals taking into account their native regions, along with a discussion of the diversity of the Earth's climatic zones.

5

In addition to classes...

A visit to the Coniraya resort can be extended by using the barbecue facilities, taking part in physical activities or taking a walk in the meadows belonging to the farm.

CONIRAYA

You can also take advantage of our lectures organized at school or kindergarten, and arrange a series of educational classes covering several selected thematic issues related to the organization of work on the farm, plant production, breeding, training or animal behavior, or the use and processing of fleece.

**We are open
to your
suggestions**
